Little Lantern Club · paper kit

Print this instruction page on ordinary paper. Templates follow at actual size.

Print single-sided on US Letter, Actual size / 100%; never Fit to page.
Use automatic page orientation; house sheets are landscape.
Measure the square: it must be exactly 1 inch on both sides.
Use the sourced cream 65 lb cardstock only if your printer supports it.
Blank cards are write-in templates; no guest names are pre-personalized.
Use a ruler and a blunt scoring tool for folds. Adults handle all cutting.
Try one complete piece before printing and assembling the remaining copies.

This kit uses 18 cardstock sheets, plus two ordinary instruction/host sheets.
Thirteen house sheets: three display, eight guests, one prototype, one spare.
One invitation sheet, three place-card sheets (ten cards), one tag sheet (ten tags).
House footprint: 2.25 inches square. Walls: 3 inches. Gable peaks: 4.25 inches.
The sleeve is open at the top and bottom. It has no roof, floor or handle.
Cut two plain windows per wall; no roof, doors or extra attic windows.
Carry each unlit house and its flat tag separately; do not tuck a tag inside.
Only the host controls the three display lights. Lights do not go home.
Light clearance and the paper assembly are untested. Prototype before use.

The Little Lantern Parade · host card

Print on ordinary paper · Planning guidance; physical prototype and guest ages remain unverified

Before arrival: test the sleeve and lights. Keep the charger and remote with an adult.
Prepare two shared pencil stations, four children per station, with adult supervision.
Guests decorate their flat house sleeves. Adults help fold and tape them.
Each guest carries an UNLIT sleeve and its flat tag separately to the display.
Set the guest houses down. Keep the three lit display houses out of guest handling.
The host reveals the three display lights. Keep the room and walking route well lit.
For departure: remove every light from the display before anyone handles a house.
Each guest takes an unlit paper house and its separate flat tag. Lights stay with host.
Cleanup count: three display lights plus nine reserved lights; return all twelve to host.
Keep all cutting tools, charger, remote and spare supplies out of children's reach.
